

The Grandpa Pleaser Machine

Do you suffer from a stubborn and grumpy grandpa? If so use the Grandpa Pleaser Machine.

Starting the Machine

First you pull the black and orange lever. This causes the favourite food dispenser to work. There is also a coffee dispenser because every grandpa likes coffee!

The Window Cleaner

This, however, will make your grandpa really happy! It cleans every single window in the house! That means your grandpa doesn't need to get up to get the phone to call the window cleaners or clean all of them himself! It also cleans them so clean that it makes all of the windows the cleanest they can be!

The bouquet dispenser

Have you ever seen a more beautiful bouquet? Well this one will give your grandpa a chance to lie back and get a bouquet. He will also have a chance to think of happy times and funny times. The bouquet will cheer him up a little.
