

Science

In Science the children will be looking at which material is best for creating bonfires and why this is. We will look at the properties of materials, and have fun with experiments!

History

Our history topic this term focuses on Guy Fawkes and how we remember him through Bonfire Night. We will look at what he did, and how this has shaped our celebrations.

Literacy

In literacy this term the children will be learning about different celebrations around the world and writing their own information leaflet. They will also be looking at some fiction stories, such as Elmer, and how we celebrate being different!

DT

In DT this term we will be looking at celebration foods from around the world. The children will be tasting different foods, and maybe even having a go at making a celebration feast!

Let's
Celebrate!

Music

In Music we will be learning to keep the beat when performing with simple instruments.

Numeracy

This term the children will be learning about

RE

Our RE this term focuses on Diwali and how this special celebration is celebrated. We will turn our role play area into our own Diwali celebration corner where the children can create their own Rangoli patterns using coloured pasta.

Computing

In computing this term the children will be learning how to use a simple painting programme, as well as continuing their development on basic computer skills.
