

Science

In Science the children will be looking at how our senses make us superheroes! We will be investigating the five senses and creating our own superheroes with enhanced senses!

History

Our topic this term focuses on heroes from the past, including the Victorian way of life. The children will be visiting Manor Farm and acting in role while participating in a variety of hands on activities to help them learn about Victorian life. We will also be looking at some famous Victorian inventors , who were superheroes in their time, including Isambard Kingdom Brunel.

Literacy

In literacy this term the children will be learning how to write comic strips based on their favourite superhero. They will also be writing instructions on how to become a superhero, as well as writing a recount based on our history topic on Victorians.

Art

In art this term we will be looking at Comic book artists and the chdn will be using different drawing and painting techniques to draw a portrait of their own superhero.

Superheroes!

Music

In Music we will be learning to keep time and rhythm by singing simple songs together. We will also be looking at rhyming words in songs.

Numeracy

This term the children will be learning about number order and counting in different steps, as well as simple calculations involving addition and subtraction. We will also look at different shapes, and go on a shape hunt around the village!

RE

Our RE this term focuses on special friends – what makes them and how we can be one. We will think about the values of friendship and how we can incorporate it into our lives at home and school.

Computing

In computing this term the children will be learning how to use simple programmes on the computer, as well as how to log on independently from school, and what the different parts of the computer are called.
