### Our School Vision

Our school is a safe, welcoming and nurturing school that offers a sense of belonging. We are situated in a small, rural village and we pride ourselves that we know each and every child. Our strength lies in putting the needs of the child at the heart of everything we do. We offer an exciting and stimulating curriculum, with high quality teaching that provides a rich, rewarding and enjoyable learning environment for all. Through a solid partnership working with parents, our church and His Majesty's Armed forces, we encourage children to become confident, caring and independent young learners. We believe that 'Everyone cares and Everyone counts'. In our school our vision is underpinned by the bible verse '**Love One Another As I Have Loved You' (John 15:12)** ; it shapes all we do.

### Smoking on School Premises

The Health Act 2006 introduced Smoke Free England from 1st July 2007 and now virtually all enclosed public places and workplaces in England are required by law to be smoke free. However, Smoke free legislation is not the end of the line; smoking still causes 1 in 5 of all deaths and is the single biggest preventable killer. This Smoking Policy will also help those schools wishing to meet Theme 1.6 of the National Healthy School Status and also contributes towards meeting the Every Child Matters element of the Ofsted requirements.

### Introduction

Research shows that almost a quarter of all young people are regular smokers by the age of 15. Almost all adult smokers took up the habit when they were children. It is estimated that 450 children a day take up the habit. The medical profession regard smoking as the major cause of many illnesses. It is estimated that approximately 114,000 smokers a year die in the UK because of their smoking habit. People can be harmed by second-hand smoke, i.e. by inhaling smoke from other people's cigarettes. This school acknowledges that smoking and breathing other people's tobacco smoke is both a public health hazard and a health issue and therefore has decided to protect both pupils and staff from the harmful effects of smoke by introducing a No Smoking Policy.

This Policy aims to:

- provide an environment where good health is promoted for all
- highlight to all who use this school site that it is a 'smoke free' environment
- enable the school to tackle smoking-related issues
- raise awareness of the dangers associated with exposure to tobacco smoke and reinforce the school's health education programme
- satisfy Section 2(2)(e) of the Health and Safety at Work Etc. Act 1974, which places a duty on employers to provide a working environment for employees that is '*safe, without risks to health, and adequate as regards facilities and arrangements for their welfare at work*'
- comply with the smokefree legislation under the Health Act 2006, placed a duty on '*any person who controls or is concerned in the management of smoke-free premises*' ie the Head Teacher, to ensure compulsory signage is displayed in the required places and smoking is prevented in all 'enclosed' or 'substantially enclosed' premises
- take account of the needs of those who are addicted to smoking and to offer an avenue of support for those who wish to stop

## **1.0 School Environment**

- 1.1 The school site is an entirely smoke free environment. Smoking is not permitted on the school grounds or in the school buildings including toilets, corridors, staff rooms, car parks and playing fields.
- 1.2 This policy applies to staff, pupils, parents, visitors and contractors when they are on the school site.
- 1.3 Signage will be put up to remind all visitors of the school's smoke free policy.
- 1.4 Smoking signs are prominently displayed around the school grounds reflecting the school's stance to smoking on site. Compulsory signage will be displayed as required by the Health Act.
- 1.5 Smoking is not permitted anywhere in the school grounds or buildings at any time. This includes school events held outside normal school hours.
- 1.6 Organisations and clubs who use the school premises outside of school hours are expected to adhere to the school's No Smoking Policy.
- 1.7 All transport provided or contracted by the school is smoke free and will display the compulsory signage as required by the Health Act.
- 1.8 Teachers, parent helpers and staff are expected to refrain from smoking on all school trips.
- 1.9 The school will support National No Smoking Day.

Shops surrounding the school site should be reminded not to sell cigarettes to pupils in uniform. Any concerns with local premises should be reported to Wiltshire Trading Standards Service on 0300 456 0100.

## **Securing Compliance**

### **2.0 Staff**

- 2.1 The teaching staff and governors must have a clear and detailed understanding of the damage that cigarette smoking and secondhand smoke does to health and are also aware of the nature of tobacco addiction.
- 2.2 Staff and the PSHE Co-ordinator will ensure smoking-related topics are adequately incorporated into class teaching for each Key Stage.
- 2.3 Activities around smoking in schools should compliment a community-wide programme of action. Messages should be consistent with and support each other.
- 2.4 Staff are not permitted to smoke anywhere on the school site.

- 2.5 Staff will not smoke in front of pupils during educational visits.
- 2.6 Details of the NHS Stop Smoking Service will be available to those staff who wish to quit. Details and leaflets offering support will be available in the staff room, on school notice boards and from the school nurse.
- 2.7 All staff will be provided with a copy of this policy and new staff will be alerted to the existence of the smoke free environment at interview.
- 2.8 Breaches of this policy will be subject to the normal disciplinary procedures.

### **3.0 Pupils**

- 3.1 The following procedures can be followed if a pupil disregards the No Smoking Policy.
- 3.2 Schools recognise a duty of care to those pupils who smoke and are committed to assisting them to break the habit.
- 3.3 Help will be made available to those pupils who want advice on how to stop smoking by visiting the school nurse at the school drop-in sessions. A care referral policy will be provided for these pupils.
- 3.4 If a pupil is caught smoking the following series of actions will be taken:
  - a) The pupils will be told to stop smoking and a behaviour referral form completed. This will generate a letter home to parents.
  - b) Refusal to extinguish the cigarette will result in direct intervention by the Head of Year and an apology from the student.
  - c) Pupils caught violating school smoking rules may lose privileges.
  - d) Pupils caught violating school smoking rules may be subject to closer supervision.
  - e) Repetition of the refusal to comply with the school smoking policy within a term will result in parents being invited into school and the possibility of fixed term exclusion.
- 3.5 Any letters home to parents advising a pupil has been caught smoking should give details of the school drop-in sessions when the school nurse can provide help. Also, information will be provided, giving details of what further support is available.
- 3.6 If the above steps do not appear to have any effect and pupils welcome exclusion, then more appropriate steps must be included. This could include some form of awareness session on the dangers of smoking. A suitably qualified professional should carry out such sessions and advice should be sought from the Drug, Alcohol and Tobacco Advisor for Schools.

### **4.0 Parents and Adult Helpers**

- 4.1 Parents/adult helpers will be reminded annually that the school site is a smoke free environment.
- 4.2 Parent/adult helpers are not permitted to smoke anywhere on the school grounds.
- 4.3 Parents will be discouraged from smoking at entrances and exits to the school site whilst collecting their child.
- 4.4 Parents/adult helpers will be asked to refrain from smoking when assisting on any school trips/events.

### **5.0 Contractors, Visitors and Other Users of the School Site**

- 5.1 All contractors, visitors and users of the school site must be informed of the school's No Smoking Policy on signing in at reception and are not permitted to smoke anywhere on the school site.
- 5.2 Adequate signage will act as a reminder.
- 5.3 Contractors, visitors and users of the school site should be discouraged from smoking at exits and entrances to the school grounds, especially in view of pupils.

- 5.4 Breaches of the school's No Smoking Policy by contractors should be reported to the relevant company via the Headteacher.

Smoking among adults on school premises, or by teachers during school hours, reinforces the idea that smoking is a normal adult activity and undermines strict prohibition among pupils.

## **6.0 Monitoring, Evaluation and Review**

- 6.1 This policy has been devised in full consultation with children/young people, staff parents/carers and governors.
- 6.2 This policy is supported by Smoke Free Wiltshire.
- 6.3 The governors and leadership team will ensure that all staff take responsibility for implementing and regularly monitor pupils, staff and other adults using the school site to ensure compliance. Overall responsibility for this policy ultimately rests with the Headteacher.
- 6.4 The Headteacher, Leadership team and Heads of Year will review and monitor the Whole Life Curriculum to ensure that the PSHE curriculum is providing education on the dangers of smoking and secondhand smoke, preferably emphasising the benefits of not smoking.
- 6.5 The school acknowledges that smoking is an addiction and will ensure that adequate support will be made available to those who want to quit through the school nurse.
- 6.6 The Governing Body will review this policy annually and assess its implementation and effectiveness. The policy will be promoted and implemented throughout the school.
- 6.7 This policy is available to view on request and a copy is displayed on the staff notice board.

## **7.0 Review**

- 7.1 This policy will be reviewed on an annual basis.
