

Dear Parents and carers,

We have fully invested in phonics over the last few weeks and have enjoyed learning our new grapheme each day. It's great to hear children chatting and attempting to write some of them during their play. Please ensure you watch the phonic presentation and send back the confirmation as soon as you have done so. We will be pestering you if you haven't....

This week

This week we have been talking about real life superheroes, including the emergency services and armed forces. We discussed the special superpowers people in our own family have and also thought about what we would like to do when we grow up. We had a special visit from Fire Officer Davina, who talked to us all about her role in the fire brigade and let us try on some of the important protective gear firefighters use in their job. In maths, the children have been learning about making comparisons relating to length and size.

Next week

We will be going on a villain hunt, including a dress up day (letter has been sent). We will also be looking at superhero costumes and making our own superhero cape. A nurse will be visiting us to talk about her role in our community. We will be using the book 'We're Going on a Bear Hunt' but creating our own version based on what we do and see when we go on our own adventure. In maths, children will be continuing, copying and creating their own repeating patterns.

Best wishes

The Hedgehog Team
