

Dear Parents and Carers,

According to our newsletter dated this day last year, we were asking parents to apply sun-cream due to the searing heat. This year, we are asking to ensure children are kept warm due to the bitter winds and rain we are still having— perhaps tights for girls if it looks like a particularly miserable day as they often complain about being cold (and a pair of socks for the afternoon if it gets warmer....).

### This week

The children were enjoying the story of Superworm when we discovered half the story was missing. We have written some fabulous posters explaining what has happened and hope the story will be returned soon! In maths, the children have been learning about adding quantities using 'first, then and now stories' We have also been creating some eerie wizard music to go along with a 3d map including a mountain with a lair for an evil wizard.

#### Wow Words.

**Zooming:** travelling quickly

**courageous:** very brave

**heroic:** being fearless

**calamity:** a terrible disaster

**wriggling:** to quickly move with a twist and turn

**indestructible:** cannot be destroyed

### Next week

A shorter week with the bank holiday but still jam packed with lots of fun! The children will be learning about rhyming and creating a brand new ending to Superworm. How will they trap Wizard Lizard and how will Superworm escape? In maths, the children will be learning about the properties of shapes and spatial relations. We will also be researching worm facts and creating our own super-worm too.

Best wishes

The Hedgehog Team
