### Residential Trip: Code of Conduct

Welcome to our amazing residential trip! We're going to have so much fun, learn new things, and make great memories together. To make sure everyone has a safe and enjoyable time, we all agree to follow these simple rules. Think of them as our team guidelines!

#### Our Golden Rules for a Fantastic Trip:

##### 1. **Be Respectful:**

- **To Each Other:** Treat everyone with kindness. No pushing, name-calling, or making anyone feel bad. We're all friends here!
- **To Adults:** Listen to and follow instructions from all staff and teachers. They are there to help you and keep you safe.
- **To Property:** Look after the buildings, equipment, and nature around us. Don't damage anything that doesn't belong to you.

##### 2. **Be Safe:**

- **Stay Together:** Always stay with your group and your assigned adult. Never wander off on your own.
- **Follow Instructions:** Listen carefully during activities and follow all safety rules (e.g., wearing helmets, staying on paths).
- **Report Problems:** If you see something unsafe, feel unwell, or are worried about anything, tell an adult immediately.
- **Bedtime & Quiet Time:** When it's bedtime, stay in your own room and be quiet so everyone can get a good night's sleep.

##### 3. **Be Responsible:**

- **Your Belongings:** Keep your room tidy and look after your own things. Make sure your luggage is organised.
- **Meal Times:** Eat your meals nicely, try new foods, and remember your table manners. Don't waste food.
- **Take Part:** Join in with all the activities with a positive attitude. The more you try, the more fun you'll have!
- **Clean Up:** Always help clean up after activities, meals, and in your rooms. Leave places better than you found them!

##### 4. **Be Positive:**

- **Have Fun!** This trip is all about having a great time and trying new things.
- **Be a Good Teammate:** Encourage others and work together during group activities.
- **Solve Problems Peacefully:** If you have a disagreement, talk it through calmly or ask an adult for help. No arguments or fighting.

---

#### What Happens if We Forget a Rule?

Our main goal is to help everyone remember and follow these rules. If someone forgets, an adult will gently remind them. For more serious or repeated issues, we will need to have a chat with you and your parents on the telephone, to ensure everyone's safety and enjoyment on the trip. If these behaviours continue your parents will be asked to come and collect you and take you home.

---

**By following these guidelines, we will all help to make this residential trip an amazing and memorable experience for everyone!**
