

Dear Parents and carers,

Welcome to our weekly newsletter. We hope to share some of the exciting things happening in Hedgehogs Class so you have more of an insight into what we've been up to. We can't believe how brilliantly we have all settled in and made friends. This is why we LOVE our school. Our small class size means everyone is seen and heard!

Just a quick reminder that coats need to be in school every day and jumpers and cardigans need to be labelled. We also kindly request that water bottles are not put in book-bags as they often spill and ruin books etc.

This week

This week there has been a bit of a mystery– our class friend Lucy was kidnapped! We searched the school grounds and found clues and realised Mr Freeze was the culprit. We used our fine and gross motor skills to set traps to catch him and eventually we caught him- albite in a puddle of water! This led on to lots of ice related provision, including counting snowballs, an arctic tuff tray and painting on ice! In maths, we have been matching objects and sorting by a criteria. We have started our phonic lessons, learning s,a,t and p. We've also had great fun investigation ice and created our own superhero masks, too.

Next week

We will be reading the book 'Supertato'. In maths, we will be focusing on sorting using our own criteria and in Expressive Art and Design we will be creating pictures using vegetables in the style of Arcimboldi.

Best wishes

The Hedgehog Team
