

Dear Parents and Carers,

We hope you have had a good, albeit chilly week!

On Friday 19th December 14:00 – 14:45 it is our Christmas craft afternoon.

We would love it if you could join us. There will be lots of lovely Christmas craft activities for you to take part in with your child. Unfortunately however, due to the nature of these activities, we would request that younger siblings do not attend.

This week

The children have had a colourful week learning all about Diwali. They acted out and retold the story of Rama and Sita, learnt about how Hindu's celebrate Diwali, and discussed the significance of light. The children enjoyed making coconut barfi, creating their own Diya lamps and designing mehndi hand art. On Monday, we also had an exciting Diwali-themed workshop during which we learned some traditional Indian dances— it was a lot of fun!

In maths, the children have been engaging with activities that underline the purpose of counting – to find out 'how many' objects there are altogether, understanding that the last number we count tells us 'how many' things there are altogether in a set of objects.

Next week

It is Lucy, our class puppet's, birthday! To help her celebrate, we will be making birthday cards, counting candles, making friendship bracelets and baking some yummy cakes!

Best wishes

The Hedgehog Team
